**1. 109 Turner Court – façade design renovations**

Mr. Viktor Domnenko, owner of property was present at the meeting. Commissioner Hale provided a few examples of storefront designs, trying to accentuate the window height seen in the original photos. Commissioner Hale also had a marked up drawing incorporating some of the ideas seen in the noted designs. Discussion with all present resulted in consensus that the darker window color inside the arches to match the proposed window trim is complementary and enhances the smaller windows. Suggestion was that this idea also be considered for the upper windows. Mr. Domnenko will re-draw using some of the ideas presented and will email to Ms. Bombard to send to the Commission. Mr. Domnenko advised that the lower half of the building and doors would be prepared in the same darker colors.

**2. 113 Turner Court – façade renovations – basement windows**

Nothing was presented to the Commission for review.

**3. 129 East Washington – fence**

Nothing was presented to the Commission for review.

**4. Adjournment**

Motion to adjourn was made by Commissioner Keck and seconded by Commissioner Schneider. Meeting adjourned at 7:47 p.m.
