ARTICLE V. NOISE CONTROL REGULATION

Sec. 10-36. Definitions.

All terms used in this article not otherwise defined herein shall have the meanings set forth in applicable publications of the American National Standard Institute (ANSI) or its successor body.

(Ord. No. 4375, § 1, 11-6-2000)

Sec. 10-37. Day hours.

No person shall cause or allow the emission of sound during daytime hours (7:00 a.m. to 10:00 p.m.) from any noise source to any receiving residential land which exceeds sixty (60) dBA when measured at any point within such receiving residential land; provided, however, that point of measurement shall be on the property line of the receiving land.

(Ord. No. 4375, § 1, 11-6-2000)

Sec. 10-38. Night hours.

No person shall cause or allow the emission of sound during night time hours (10:00 p.m. to 7:00 a.m.) from any noise source to any receiving residential land which exceeds fifty-five (55) dBA when measured at any point within such receiving residential land; provided, however, that point of measurement shall be on the property line of the receiving land.

(Ord. No. 4375, § 1, 11-6-2000)

Sec. 10-39. Variance permits.

Variance permits may be issued, in writing, by the city administrator, or his designee, to exceed the noise standards set forth in this article as follows:

- (1) A temporary variance permit may be issued upon request, provided that the work producing such noise is necessary to promote the public health and/or welfare and reasonable steps are taken to keep such noise at the lowest possible practical level.
- (2) A permanent variance permit may be issued upon request, following an investigation into the source of the noise, including what, if any, measures can be taken to reduce or eliminate the noise, the cost of any such measure, and an overall evaluation of the request, including the severity of the problem weighed against the cost of remedial measures, the benefit of the public and the impact on the noise source.

Any permanent variance may be revoked by the city administrator, or his designee, if there is a significant change in the facts from the time the original variance was granted and if, following the same procedures involved in issuing the original permit, the city administrator, or his designee, should conclude it is in the best interest of the public to revoke the permit.

(Ord. No. 4375, § 1, 11-6-2000)

Sec. 10-40. Exemptions.

The following uses, activities and/or noises are exempt from the provisions of this article:

- (1) *Emergency operations.* Emergency short term operations which are necessary to protect the health and welfare of the citizens, such as emergency utility and street repair, fallen tree removal or emergency fuel oil delivery shall be exempt, provided that reasonable steps shall be taken by those in charge of such operations to minimize noise emanating from the same.
- (2) *Noises required by law.* Any noise required specifically by law for the protection or safety of people or property, including, but not necessarily limited to, back-up alarms on trucks and police/fire/ambulance sirens.
- (3) *Powered equipment.* Powered equipment such as lawn mowers, small lawn and garden tools, riding tractors and snow removal equipment which is necessary for the maintenance of property, is kept in good repair and maintenance, and which equipment, when new, would not comply with the standards set forth in this article.
- (4) *Community events.* Community events such as parades, festivals, sports events, 4 th of July celebrations and other events sanctioned or sponsored in whole or in part by local governments, schools or charitable or service organizations.
- (5) *Emergency notification.* Noise made to alert persons to the existence of an emergency, danger or attempted crime.
- (6) *Aircraft.* Aircraft operated in conformity with, or pursuant to, federal law and regulations and any aircraft operating under technical difficulties or in any kind of distress.
- (7) *Trains.* Noise resulting from normal operations of railroad trains.
- (8) *Church bells.* Noise made by churches using bells as part of their religious observance.

(Ord. No. 4375, § 1, 11-6-2000)

Sec. 10-41. Electronic sound systems.

The use within a dwelling unit of a stationary or portable electronic sound reinforcement and/or sound reproduction system utilizing loudspeakers, such that loud or raucous sounds radiate from the dwelling unit and are clearly audible from a distance of fifty (50) feet from such dwelling unit, or, if said dwelling unit is part of a multi-family building, are clearly audible beyond the perimeter of the dwelling unit, shall be prohibited during the following hours:

FIREARM CONCEALED CARRY ACT

Compliance with the State of Illinois Firearm Concealed Carry Act, 430 ILCS 66, is a requirement for the issuance of a Block Party Permit.

Per section 430 ILCS 66 / 65 (a)(10):

- (a) A licensee under this Act shall not knowingly carry a firearm on or into:
 - (10) Any public gathering or special event conducted on property open to the public that requires the issuance of a permit from the unit of local government, provided this prohibition shall not apply to a licensee who must walk through a public gathering in order to access his or her residence, place of business, or vehicle.

Event organizers are responsible for the following:

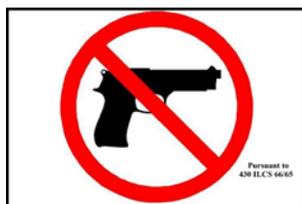

1. Notification of Concealed Carry

It is the responsibility of the employees, volunteers and agents of the event organizer named in the Block Party Permit Application and its contractors to notify police dispatch at 9-1-1 if a concealed carry is spotted at the event.

2. Concealed Carry Signage Must be Posted

Event organizers shall clearly and conspicuously post at every entrance to an event, whether for the public or for the employees, volunteers or contractors of the organizers or other persons, the Illinois State Police-approved sign, in accordance with the Firearm Concealed Carry Act. Signs shall be posted at a height of between five feet (5') and five and one-half feet (5½'). Owners of any statutorily prohibited area or private property, excluding residences, where the owner prohibits the carrying of firearms must clearly and conspicuously post the Illinois State Police approved sign, in accordance with Firearm Concealed Carry Act, at the entrance of the building, premises or real property. Please refer to Section 65 (Prohibited Areas) of the [Firearm Concealed Carry Act](#) for more information on statutory requirements for signage as well as where concealed weapons are prohibited.

Pursuant to Section 65(d) of the Firearm Concealed Carry Act, signs must be of a uniform design and the Illinois State Police is responsible for adopting rules for standardized signs. The Illinois State Police has proposed rules which require a white background; no text (except the reference to the Illinois Code 430 ILCS 66/1) or marking within the one-inch area surrounding the graphic design; a depiction of a handgun in black ink with a circle around and diagonal slash across the firearm in red ink; and that the circle be 4 inches in diameter. The sign in its entirety will measure 4 inches x 6 inches.

Click on the image or visit the Illinois State Police website under Concealed Carry to download a template of the approved sign.

NOTE: When printing the sign, please ensure the black borders surrounding the "no firearms" symbol measure 4 inches from top to bottom and 6 inches from left to right.

For further information, contact the West Chicago Police Department at (630) 293-2222.

Pursuant to
430 ILCS 66/65
