

# 8th Annual Student Essay Contest

Winners ride in the Mayor's carriage during the procession and help light the official holiday tree at Frosty Fest!

Sponsored by the  
CITY OF WEST CHICAGO

## Question:

*If you had to give Frosty the Snowman some advice on being "healthier," what would you tell him?*

In an effort to accommodate teachers' requirements for classroom assignments and to encourage wider participation, we encourage teachers to adapt the prompt to fit established school district guidelines for writing curriculums (i.e. text structures including opinion, descriptive, compare and contrast, etc.). The possibilities for the final essays are endless and student creativity within the writing assignment is encouraged.

*Essays will be judged on creative content and may include illustration. One winner will be chosen from each category. Mayor Ruben Pineda will visit winners during the week of December 1, 2014 to congratulate participants.*

## FROSTY FEST
