ITEM SUMMARY:

Please note that a public hearing is required to be held at the City Council level for any amendments to the Intergovernmental Agreement between the City and the DuPage Airport Authority. That public hearing has been properly published in the Daily Herald, as required, and the public hearing has been scheduled for commencement at the January 18th, 2016 City Council meeting.

The City and the DuPage Airport Authority (DAA) entered into an Intergovernmental Agreement (IGA) on March 22, 2001, which outlined the terms of development of land owned by the DAA and established the Airport Zoning District regulations. The IGA has been amended four times since its adoption. The DAA now desires to amend the IGA a fifth time to address a few zoning related amendments that are designed to encourage development within the DuPage Business Center (DBC). Specifically, the proposed amendments primarily affect the area of the Airport zoning district known as the Commercial Parcels Zone, which is the developable areas of the land owned by the DAA or commonly referred to as the DBC (formerly known as the DuPage National Technology Park). Overall the proposed amendments are considered to be minor in nature and are intended to increase the ability to further develop the DBC, clarify the development requirements, and streamline the development review and approval process. The bulk of the proposed amendments to the Commercial Parcels Zone requirements are proposed in Section 10.5-5, which are the landscape standards. The text amendments to the Airport Zoning District regulations are what is necessitating the fifth amendment to the IGA.

At its January 5, 2016 meeting, the Plan Commission/Zoning Board of Appeals (PC/ZBA) unanimously recommended approval of the requested Airport Zoning District text amendments by a (4-0) vote. Their recommendation is included as Exhibit A to the attached text amendment ordinance. The Plan Commission did not consider the amendment to the IGA because it is not part of the Commission's established purview.

CITY OF WEST CHICAGO

ACTION PROPOSED:

Consideration of a fifth amendment to the IGA between the City and the DAA and consideration of text amendments to Section 10.5 (the Airport Zoning District) of the City's Zoning Code.

COMMITTEE RECOMMENDATION:

At its January 11, 2016 meeting, the Development Committee recommended approval of the resolution amending the Intergovernmental Agreement between the DuPage Airport Authority and the City of West Chicago, and recommended approval of the ordinance approving text amendments to the City's Zoning Code regarding landscape requirements.

ITEM SUMMARY:

CenterPoint Properties, the contract developer of the DuPage Business Center (DBC), is proposing variances for phase II of the DS Container industrial development located within the inner circle of Enterprise Circle in the South Park Area of the DBC. Specifically, the proposed variances are as follows:

1. To permit loading or servicing on the subject property to be conducted between the south façade of the building and Enterprise Circle.
2. To permit loading spaces on the subject property to be located closer to the Enterprise Circle right-of-way than the south façade of the building facing said right-of-way.
3. To permit the storage of vehicles within the south exterior side yard of the subject property.
4. To increase the maximum allowable height for rooftop equipment from ten (10) feet above the overall height of the building to fifteen (15) feet above the overall height of the building, as regulated in the definition of "building height" within the Airport zoning district.

The 10.5 acre subject property, as well as the entire DBC and all other property (the DuPage Airport and Prairie Landing Golf Course) owned by the DuPage Airport Authority, is zoned Airport zoning district. Variances 1, 2, and 3, as identified above, were approved for the 14.5 acre phase I portion of the development, which is located on the east half of the inner circle of Enterprise Circle in the South Park Area of the DBC, by the City Council in January of 2015. Variance 4 is only associated with the phase II portion of the building. Phase I, which is currently under construction, was approved with twenty (20) loading docks on the south façade of the building and thirty-seven (37) semi-trailer parking (storage) spaces located south of the building, thus necessitating the three (3) previously approved variances.

Phase II of the development is located on the west half of the inner circle of Enterprise Circle and has right-of-way frontage on three sides (north, south, and west). The entire subject property consisting of phase I and phase II occupies the entire inner circle of Enterprise Circle. This means that the entire subject property not only has a front yard (east), but also has two exterior side yards (north and south) and a rear yard (west), which are, for all intent and purpose, regulated the same as a front yard with respect to setbacks and use restrictions. The City's Airport Zoning District regulations limits the types of site uses, such as vehicle loading and storage areas, that may be conducted within a front yard or exterior side yard. The intent of these regulations is to aesthetically enhance and maintain the street
