

Master List

This is a master list of the 1,550 ash trees on the treatment list (in order by street name). The included information for each tree is: tag, address, species, ward, *Emerald Tree Care LLC* condition, and 2015 DBH measurement. A "G" in the condition column indicates a **good** tree, a "L" indicates a tree that would highly benefit from **pruning**, while a "Y" indicates a tree on the **prune/watch list**.
