Requirements for a Zoning Map Amendment

Normally, there are only two primary reasons for a change in zoning: (1) the original zoning was in error; or (2) the character of the area has changed to such an extent as to warrant rezoning. The burden of providing substantiating evidence to justify the rezoning rests with the applicant.

It is strongly suggested that the petitioner schedule an appointment with the city staff at the time of submittal so that the application submittal documents can be reviewed for accuracy and completeness.

Items required with this application
Submit ten (10) copies of each of the following for review:
- Completed application
- Site plan or plat of survey of the property

Submit one (1) copy of each of the following review:
- Land use opinion report
- Authorization letter from the property owner (if the applicant is not the property owner)
- Trust/owner’s disclosure certificate (if property is in trust)
- Legal description of property — preferably in electronic format
- List of all adjacent property owners within two hundred fifty (250) feet
- Zoning Map Amendment fee - $500

In addition to the application fee, a $500.00 deposit shall be required for all zoning map amendment applications. In the event that multiple applications requiring a deposit are being requested simultaneously, only one deposit, equal to largest deposit required, shall be paid with the application fees. Upon notification by the City, the deposit shall be replenished if the fees incurred exceed the initial deposit amount, and staff review shall cease until such time as the deposit is replenished. Any remaining balance on a deposit shall be refunded in a timely manner once all fees have been paid.

All required items shall be submitted together. Staff review shall not begin until staff has determined that all required items have been submitted and are complete. All documents shall be folded to fit into a legal size folder. Staff may request other documents as deemed necessary.
Public Hearing Notification Procedures

Once city staff has determined the public hearing meeting date, the applicant shall be required to complete the three (3) required public hearing notifications. The notifications shall be completed no sooner than thirty (30) days and no later than fifteen (15) days prior to the public hearing meeting date. The applicant shall have city staff approve the content of the three (3) public hearing notifications prior to the notifications being released.

1. The applicant shall send a notice of public hearing to the Daily Herald according to the attached example. The notice may be sent to the Daily Herald via e-mail at legals@dailyherald.com or contacting them at (847) 427-4671 for alternate options.
2. The applicant shall also post a public hearing sign on the property according to the attached example.
3. Lastly, the applicant shall send by certified mail return receipt a notice of public hearing letter, according to the attached example, to all of the property owners on the list compiled by the Township Assessor’s Office.

At the public hearing meeting, the applicant shall provide city staff with a copy of the notice of public hearing published in the Daily Herald, a signed copy of the letter sent to the adjacent property owners, all of the certified mail receipts, and the attached sworn affidavit signed and notarized.

Approval Procedure
1. Applicant files all of the required items.
2. Staff reviews the documents. If corrections are required, the applicant shall be asked to revise and resubmit the documents.
3. When the documents are satisfactory, staff shall schedule the public hearing for consideration by the Plan Commission/Zoning Board of Appeals.
4. Staff shall notify the applicant of the Plan Commission/Zoning Board of Appeals public hearing meeting date and the applicant shall complete the three (3) public hearing notifications. Staff shall also request an additional thirty (30) copies of the site plan and other documents as deemed necessary. The applicant shall provide the copies to the Community Development Department ten (10) days prior to the scheduled meeting date. The copies shall be 11” x 17” in size and folded to fit in a legal size folder.
5. The Plan Commission/Zoning Board of Appeals shall conduct the public hearing and provide a recommendation to the City Council.
6. The case shall then be reviewed by the Development Committee, which shall also provide a recommendation to the City Council.
7. The City Council shall review both recommendations and vote on the request.

Petitioner or Authorized Agent Date

This opinion will be issued on a nondiscriminatory basis without regard to race, color, religion, sex, age, marital status, handicap, or national origin.

Revised November 1, 2013
For the convenience of those who must comply with the provisions of the Illinois Soil and Water Conservation District Act, Section 22.02a (Illinois Compiled Statutes, Chapter 70, Paragraph 405, Section 22.02a), enacted December 3, 1971, effective July 1, 1972, we quote this section:

"The Soil and Water Conservation District shall make all natural resource information available to the appropriate county agency or municipality in the promulgation of zoning ordinances or variances. Any person who petitions any municipality or county agency in the district for variation, amendment, or other relief from that municipality's or county's zoning ordinance or who proposes to subdivide vacant or agricultural lands therein shall furnish a copy of such petition or proposal to the Soil and Water Conservation District. The Soil and Water Conservation District shall be given not more than 30 days from the time of receipt of the petition or proposal to issue its written opinion concerning the petition or proposal and submit the same to the appropriate county agency or municipality for further action."

Added by Act approved December 3, 1971.

The amendment is designed to assist the unit of government considering the proposal. The natural resources and the environment are the main concerns in the development of the Land Use Opinion.

To facilitate compliance with the Act by land developers and others, Kane-DuPage Soil and Water Conservation District has formulated a set of guidelines and a standardized set of fees, as provided for in section 22.09 of this Act:

"The District may charge fees to any person who makes a request for services or receives benefits rendered by the District, or who causes or undertakes to cause the District to perform a function prescribed by this Act, including but not limited to any function prescribed by Section 22.02a of this Act, provided that such charges are uniform. The Directors shall maintain a uniform schedule for such fees and may from time to time revise such schedule. The charging of any such fees is uniformly charged and in accordance with a uniform schedule by any District to any person for such service or benefits or performance of any such functions prior to the effective date of this amendatory Act of 1975 is ratified."
