**EXTERNAL SENDER**

Hi Marty,

I hope you enjoyed your time away. CEC received video footage from June 18, 2020 of the California Transfer Station tipping floor operation. The footage was received in five video files. We have reviewed the videos and created five tables, one for each video file we received. The tables include details for each trailer loaded. In summary, it took 6 to 8 minutes to load a trailer, similar to our observation from the July 24, 2020 site visit.

I have also included a daily field report from our July 24, 2020 California Ave TS site visit.

Enjoy your weekend and contact us with any questions or concerns.
